## A Match Made in Heaven

When *7th Heaven* star Beverly Mitchell, 27, decided to marry her longtime beau, accountant Michael Cameron, 27, she made sure it was an affair to remember. Joined by 100 family and friends—including former costar Jessica Biel, a bridesmaid, and her boyfriend Justin Timberlake—the couple exchanged vows at a 12th-century church in the Italian town of Ravello on the Amalfi coast. The newlyweds then joined their guests in a joyful processional, complete with local guitar and mandolin players, through town to a reception at the historic Villa Cimbrone. After champagne toasts came a seated banquet and dancing. Engaged since 2006, Mitchell and Cameron “are a really good fit for each other,” a pal told PEOPLE. “Her friends and family are thrilled.”

For their nuptials, the bride wore a strapless Melissa Sweet gown and her groom chose a Kenneth Cole tux.

Following the ceremony, the couple were serenaded by local mandolin and guitar players.

Biel and Timberlake joined the newlyweds in a processional through the streets of Ravello.
